Canadian Rooms

Sleeping in the Canadian Tent is one of the great dreams of all who are adventurous and dreamy at heart.

At Bukubaki we made our childhood dream come true, without sacrificing elegance and privacy. Decorated with style and made with high quality eco-friendly material, our Canadian Tents are the comfortable retreat after an active day in natural surroundings.

Tents are made of waterproof cotton fabric, protected by an extra layer of the same material, based on an elevated wooden deck. Inside the tents reigns the simplicity of a camping experience with the comfort of a bed and handcrafted furniture.

The tents are equipped with an electric heater for days when the wind blows from the north. They are also equipped with bed linen and bath towels.
